9 February 1956

MEMORANDUM FOR: Office of Management

VIA: SSA-DD/S

SUBJECT: FE Division Table of Organization Submission

1. Forwarded herewith is a revised table of organization for FE Division (Headquarters, Field Stations and Bases, and Projects) in accordance with authorized civilian personnel ceiling and military authorizations. The total number of positions requested on this T/O is [REDACTED].

FOIAB3B

2. The above figure includes six positions in excess of the official civilian personnel authorization, which is in accordance with an agreement between SSA-DD/S and the Chief, FE Division, wherein the actual ceiling would be less than the allowed number of T/O positions. This was an interim arrangement under which the FE Division agreed to reduce the ceiling figure from [REDACTED] positions, a net reduction of nine positions, within a reasonable period of time. To date, three of the nine positions have been eliminated, and it is anticipated that further field adjustments will permit the elimination of the other six positions within the next few months.

FOIAB3B

3. Based on the FE Division fiscal year 1957 Office Estimates submitted on 19 September 1955, there will be a total dollar savings of [REDACTED] as a result of the above proposed T/O. In this connection the average civilian personnel cost for FY 56 was [REDACTED] as compared to [REDACTED] for FY 57. The dollar savings indicated above includes the [REDACTED] placed in the fiscal year 1957 Office Estimates per instructions of the Office of the Comptroller.
